PLAITING AND TWINING: Layering Two Cultures

Fri & Sat, Aug 8 & 9, 2008
10 AM to 4 PM
Workshop Fee: \$150.00 Max.
Materials Fee: \$ 40.00
Class Size: Min. 8 / Max 15

Plaiting and twining are finger-manipulated basketry techniques that are utilized world- wide and have been for centuries. Rarely are they incorporated together into vessel forms.

Plaiting with slightly rigid materials, in this case dyed cane and some bamboo, allows the participant to create firm, open-weave vessels. Twining with soft materials, such as waxed cotton and linen, allows the participant to create firm, textured forms both symmetrical and classic *and* asymmetrical and organic. Nancy Moore Bess will discuss her own work and the design decisions made in order to create works that reflect cross-cultural influences. Several basket forms will be finished during this workshop. This workshop is suitable for intermediate to advanced level weavers who have experience with twining.

4 QUICK BASKETS

Sunday, August 10th, 2008

10 AM to 4 PM

Workshop Fee: \$75.00 Max.

Materials Fee: \$20.00

Class Size: Min. 8 / Max 15

Some traditional Japanese baskets require only fifteen minutes and a smile. Others can consume the length of an entire workshop, no matter its length! Each example in this workshop can lead to hours of experimentation and dozens of variations. Many of the samples are traditional flower baskets; others are food presentation baskets – mini stage sets. This workshop is suitable for all levels of weavers.

Note: Workshops will require a minimum of 8 students to run, and class fees will be reduced for workshops with 10 or more students. Balance of class fee and materials fees will be payable to NNBW at beginning of class.

Cancellation Policy: A full refund, less \$15 processing fee, will be made on cancellations received before July 8th. After that date, refunds will be made (less the processing fee) only if space is filled from the waiting list.
