Summer Time Fun at the Fair!

Just a reminder from your NWBW Fair Committee to check out your local summer fairs. If they have an arts and craft area, they may be looking for baskets to display. Check it out, it's a great way to show off your work. They may also be looking for people to demonstrate their craft. Give it a try. It's fun to interact with the public and get them interested in basketry.

In the Seattle area we have our two big fairs; the Evergreen State Fair in Monroe, and the Washington State Fair in Puyallup. The entry deadlines for these fairs are only a month away in August.

Below is important information on how to enter your basket and/or demonstrate at these two fairs.
